Dear Brother Ted.

How are you feeling I hope you  
all right.

I am up here with Maddens we  
worked it ice 2 days and to-day  
we halled hay.

So I was wondering if you  
wanted me or needed me right  
away if you do let me no  
right away for John would  
like if I could stay until he  
gets his ice in but if you need  
me let me no right away.

I thought I could get home Monday  
but it rained and the water runs  
over the ice so we quit.

So Ted I can make a little  
money this and next week,  
and they are crazy for me to  
stay but if you need me right  
away let me know but John  
would like to have me to  
help get this ice in.

I hope you can get your throat  
better and also feel better too  
and know in God.?

I guess I'll go to bed now Ted  
don't worry I'll come home as  
quick as the ice is in and if you  
need me now I'll come home  
too. Just let me know.

I'll ring off here for this time  
and be sure and write my address  
is % J. H. Madden & Whitney print
